

## **Transformational Tuesdays**

Robert Kirby, the Director of Core Energetics Australia, is offering a fortnightly workshop where you will explore how to transform your life. It will be an experiential and transformational process based on psychotherapy, quantum physics, business expertise and spiritual evolution.

This 2 ½ hour workshop hosted by the Core Centre will be held every 2<sup>nd</sup> Tuesday evening from 7pm to 10.30pm. Call Renee on 9977 2690 or visit the [Core Energetics website](#) for the topic of the month and [Robert Kirby's website](#) for more information about Robert.

## **Robert Kirby Process Groups**

Join a Core Energetics ongoing "process group" that meets twice per month. Process groups are about your life and how you react to challenges.

### ***Are you tired of habitual patterns that prevent your life from soaring?***

If you well and truly have had enough, then it is time to shed some old skin.

Robert Kirby, the leader and founder of Core Energetics Australia, will facilitate the evolution of your process.

While in "Process", you will work on specific issues that you may struggle with everyday. If you have not dealt with the issues beforehand, even though you have worked on them, then perhaps you were not ready then. Or the issue may have layers and now is your time to go deeper.

The group will meet twice per month on Tuesday mornings from 9 to 12am. You will be guided by Robert and supported by the group in a way that honors your soul and keeps the child in you safe. You will gain inner strength, confidence and power. Your heart will open and your sexual vitality will expand even more. Please call Renee on 9977 2690 or email [Robert Kirby](#) to reserve your place.

*creating space for growth*
